Dear Elaine,

Hope this mail finds you well!

As FPP May entry group , we would like to thank you for your efforts to organize seminar for us in the second week of the winter break.

As you know we have just three weeks after career strategy to prepare and apply for jobs , which leaves us with no much time to study for the interviews such as Algorithms , technologies and review different programming languages. Though , we need every moment to do so. Therefore , we discussed our situation together and decided to collect votes for the matter. We gathered the votes via Google form on the following link :

<http://goo.gl/forms/Xq3Ja1UQIF>

We believe that's fair for us as it's optional for MPP group , whose would have much time to prepare and study for the job search.

Kindly find the attached excel sheet for our group voting results and as per it , we need your help to make the seminal optional for us as well.

Appreciate your kind cooperation & understanding.

Best Regards,

Khaled

Dear Khaled,

I have forwarded your request to both the Career Center Director and Dr. Guthrie and Levi. The policy of requiring some structured activity while remaining on campus during the winter break is an MUM policy (not CS department), so the request will have to be reviewed in a bigger perspective.

Sincerely,

Elaine

Dear Elaine,

Hope this mail finds you well!

I just wanted to ask if you have any update about this matter as some of May entry - FPP got confused about your last email. I mean is the request still being discussed or what is the situation?

Best Regards,
Khaled

Dear Khaled,

My understanding is that the request was denied. It was not a structured enough situation for remaining on campus.

Sincerely,

Elaine
